

Project Title: Evaluation of the Emerging Frontiers in Research and Innovation – Research Experience Mentoring Program

Awardee: Institute for Defense Analysis

Contract Number: 49100421F0024

Award Type: R&D

Amount: \$275,000

Principal Investigator: Asha Balakrishnan

NSF Funding Program: Office of Integrative Activities

NSF Program Director: Alias Smith, alismith@nsf.gov

Abstract:

This work will facilitate an evaluation of the Emerging Frontiers in Research and Innovation (EFRI) - Research Experience and Mentoring (REM) program. The scope of the evaluation is to investigate the impacts of the REM program on the Research Participants (RPs) and their mentors. This work would contribute to the beneficial evolution and evidence-based directed growth of the REM program.
