July 19, 2018 at 2:00pm EDT

Date/Time	Webinar Registration URL
<b>Webinar 2:</b> Thurs., July 19, 2018 2:00 PM – 3:00 PM ET	<b>Register at:</b>  <a href="https://nsf.webex.com/nsf/onstage/g.php?MTID=efa56461a9e88c48be2f6e7bf60754d">https://nsf.webex.com/nsf/onstage/g.php?MTID=efa56461a9e88c48be2f6e7bf60754d</a>  View real-time captions at: <a href="http://www.fedrcc.us">www.fedrcc.us</a> using event # 3691313.

1. Click the link in the table above to register and reserve your seat in advance to attend one of the “OAC – CI Webinar Series” webinar sessions.
2. On the day of the event, click the event URL in your instructions, enter your name, email address and WebEx event password and then click “Join Now”.
3. Click “Run” to accept and run WebEx media player or click “Run as Temporary Application”, and wait for the WebEx home screen.
4. Next, connect to audio by phone or computer:
  - a. **Telephone:** 1-415-655-0002 (toll); enter participant passcode: 743 258 928.
  - b. **Computer audio streaming:** Click the appropriate audio streaming link in the table above to hear audio through your computer.

### Technical Requirements for PC or Laptop Devices:

1. Install the updated [WebEx Event Manager Software](#).
2. Computer with internet access (Mac or Windows PC work best with WebEx using Internet Explorer, Firefox, or Chrome). Operating Systems and Browsers supported by WebEx version 31: are at URL: <https://help.webex.com/docs/DOC-6336> or <https://help.webex.com/docs/DOC-6362>. (**Note:** Please see the special notice on the use of Chrome with WebEx.).
3. For best audio quality, connect using computer audio with a headset/microphone and/or use a landline touchtone telephone with speaker capability as a backup.

## Important Reminders

- Test the devices that will be used to join the event in advance.
- Audio will be muted upon entry for all participants.
- For help joining WebEx, remote participants may contact Cisco Technical Support at **1-866-229-3239** on the day of the event or anytime.
