

**RPPR Data Dictionary
Cover Page Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
	Award Information					
1	Agency Code	CHARACTER(4)	NIST Special Publication 800-87 Rev 1	A code indicating which federal agency or organizational unit code issued the award.	USASpending.gov	NIST Special Publication 800-87 Rev 1
2	Federal Award Identification Number	CHARACTER(16)		Federal grant or other identifying number assigned by the agency which uniquely identifies the funded project.	USASpending.gov	Character length was changed to conform with USASpending.
3	Project Title	CHARACTER(200)		The title of the funded project.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
4	Recipient Award Identification Number	CHARACTER (30)		An identifying number or account number issued by the recipient and used for internal processing or reporting.	SF424 (R&R)	
5	Project/Grant Period Start Date	CHARACTER(8)	YYYYMMDD	The date the awardee started the research. The performance start date.	USASpending	
6	Project/Grant Period End Date	CHARACTER(8)	YYYYMMDD	The date the awardee ended the research. The performance end date.	USASpending	
	Project Director/Principal Investigator					May contain multiple entries
7	Last Name	CHARACTER(60)		The last name of the PD/PI associated with the award.	SF424 (R&R)	May contain one or more PD/Pis as determined by the agency.
8	First Name	CHARACTER(35)		The first name of the PD/PI associated with the award.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
9	Middle Name	CHARACTER(25)		The middle name of the PD/PI associated with the award.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
10	Title	CHARACTER(45)		The professional title of the PD/PI.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
11	Prefix	CHARACTER(10)		The name prefix of the PD/PI.	SF424 (R&R)	
12	Suffix	CHARACTER(10)		The name suffix of the PD/PI.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
13	Email address	CHARACTER(60)		The PD/PI email address.	SF424 (R&R)	
14	Phone Number	CHARACTER(25)		The PD/PI phone number.	SF424 (R&R)	

**RPPR Data Dictionary
Cover Page Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
Submitting Official						
15	Last Name	CHARACTER(60)		Last name of the Submitting Official	SF424 (R&R)	
16	First Name	CHARACTER(35)		First name of the Submitting Official	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
17	Middle Name	CHARACTER(25)		Middle name of the Submitting Official	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
18	Title	CHARACTER(45)		Professional title of the Submitting Official	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
19	Email address	CHARACTER(60)		Email address of the Submitting Official	SF424 (R&R)	
20	Phone Number	CHARACTER(25)		Phone number of the Submitting Official	SF424 (R&R)	
	Signature of Submitting Official (signature shall be submitted in accordance with agency specific instructions)	N/A	Signature of Submitting Official	This field will be system generated.	Systems Generated	This is not part of the government-wide schema. Each agency will provide agency-specific guidelines for electronic signature that comply with agency requirements.
Report Information						
21	Submission Date & Time	DATE/TIME	YYYYMMDD.HH.MM.SS	The date on which the report was submitted to the agency.	Systems Generated	
22	Reporting Period End Date	CHARACTER(8)	YYYYMMDD	Reporting period end date. The end date of the time period covered by the report.	USASpending	
23	Report Term	CHARACTER(1)	Codes: *Annual = 1 *Semi-Annual =2 *Quarterly =3 *Other = 0 (Zero)	The term or frequency of the report.	New Standard	While agencies will assign codes for each value in the database, they can choose to implement a graphical user interface that masks the codes with the actual names of the values.
Recipient Organization						
24	Recipient Legal Name	CHARACTER(60)		The legal name of the organization receiving the award.	SF424(R&R)	
25	Recipient Street	CHARACTER(55)		The street address of the organization receiving the award.	SF424(R&R)	
26	Recipient City	CHARACTER(35)		The city of the organization receiving the award.	SF424(R&R)	
27	Recipient State	CHARACTER(2)	INCITS 38:2009. http://www.census.gov/geo/www/ansi/state_tables.html	The state of the organization receiving the award.	INCITS 38:2009. http://www.census.gov/geo/www/ansi/statetables.html	

**RPPR Data Dictionary
Cover Page Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
28	Recipient Zip	CHARACTER(9)		For U.S.-based addresses, the zip code of the organization receiving the award.	ZIP+4	The dash mark in between the numbers is not considered part of the field length.
29	Recipient Country	CHARACTER(3)	ISO 3166-1 Alpha 3	The code corresponding to the country of the organization receiving the award.	ISO 3166-1 Alpha 3	
30	Recipient Foreign Postal Code	CHARACTER(30)		For foreign-based addresses, the postal code associated with the organization receiving the award.	SF424 (R&R)	
31	Recipient DUNS Number	CHARACTER(13)		This is a nine-digit number, issued by Dun & Bradstreet, followed by an optional 4-digit DUNS Plus 4 that uniquely identifies the recipient organization.	SF424 (R&R)	
32	Recipient EIN	CHARACTER(30)		The Employer ID Number of the recipient organization.	SF424 (R&R)	

**RPPR Data Dictionary
Accomplishments Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
	Accomplishments					
33	Major Goals	CHARACTER(8000)		A description of the major goals of the project.	New Standard	
34	Accomplished Under Goals	CHARACTER(8000)		A description of what was accomplished under these goals during the reporting period.	New Standard	
35	Training Opportunities	CHARACTER(8000)		A description of the opportunities for training and professional development provided by the project during the reporting period.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
36	Results Dissemination	CHARACTER(8000)		A description of how the results of the project have been disseminated to communities of interest during the reporting period.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
37	Plans for Next Reporting Period	CHARACTER(8000)		A description of what the PD/PI plans to do during the next reporting period to accomplish the goals of the project.	New Standard	This field will also include an associated attribute for a "No Change" flag.

120	Product Description	CHARACTER(8000)		A description of the product and how it is being shared.		

**RPPR Data Dictionary
Participants Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
	Participants					May contain multiple entries
121	Last Name	CHARACTER(60)		The last name of the person being reported as a participant on the project.	SF424 (R&R)	
122	First Name	CHARACTER(35)		The first name of the person being reported as a participant on the project.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
123	Middle Name	CHARACTER(25)		The middle name of the person being reported as a participant on the project.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
124	Prefix	CHARACTER(10)		The name prefix of the PD/PI.	SF424 (R&R)	
125	Suffix	CHARACTER(10)		The name suffix of the PD/PI.	SF424 (R&R)	Character length was changed to conform with the SF424 (R&R).
126	Project Role	CHARACTER(2)	Project Role Codes: *PD/PI = 1 *Co PD/PI = 2 *Co-Investigator = 3 *Faculty = 4 *Community College Faculty = 5 *Technical School Faculty = 6 *K-12 Teacher = 7 *Postdoctoral (scholar, fellow or other postdoctoral position) = 8 *Other Professional = 9 *Technician = 10 *Staff Scientist (doctoral level) = 11 *Statistician = 12 *Graduate Student (research assistant) = 13 *Non-Student Research Assistant = 14 *Undergraduate Student = 15 *Technical School Student = 16 *High School Student = 17 *Consultant = 18 *Research Experience for Undergraduates (REU) Participant = 19 Other (specify) = 0 (Zero)	A code representing the role of the participant on the project.	SF424 (R&R)	We added Project Roles based on the SF424 R&R and other sources used by NSF and NIH. Agencies would only implement the roles they were interested in using the common codes.

**RPPR Data Dictionary
Participants Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
127	Person Months Worked	NUMERIC(2)		The nearest whole person months the participant worked during the reporting period.	New Standard	Field values can include 0-12 months, captured as a whole number. If a partial month was worked, the nearest whole number should be entered into this field. For example, if 11.8 months worked, enter 12. For 11.2 months worked, enter 11.
128	Contribution to the Project	CHARACTER(2000)		A description of the contribution made by the participant to the project.	New Standard	This field will also include an associated attribute for a "No Change" flag.
129	Funding Support	CHARACTER(255)		A list of any other funding support, other than this award, that supported this participant's participation in the project.	New Standard	
130	International Collaboration	CHARACTER(1)	International Collaboration Codes: Yes = Y No = N	A yes/no indication of whether the participant collaborated with any individuals in a foreign country as part of this project during the reporting period.	Universal Standard	
131	International Travel	CHARACTER(1)	International Travel Codes: Yes = Y No = N	A yes/no indication of whether the participant traveled to a foreign country as part of this project during the reporting period.	Universal Standard	
	Participants: International Collaborations					May contain multiple entries
132	Country of International Collaborator	CHARACTER(3)	ISO 3166-1 Alpha 3	A code representing the country of the international collaborator.	ISO 3166-1 Alpha 3	
	Participants: International Travel					May contain multiple entries
133	Country of Travel	CHARACTER(3)	ISO 3166-1 Alpha 3	A code representing the country of the international travel.	ISO 3166-1 Alpha 3	
134	Duration of Stay	CHARACTER(3)		The number of days the participant was traveling in the foreign country.	New Standard	
	Partners					May contain multiple entries
135	Partner Organization Name	CHARACTER(60)		The name of any organization participating as a partner on this project.	SF424 (R&R)	
136	Partner City	CHARACTER(35)		The city in which the partner is located.	SF424 (R&R)	
137	Partner State	CHARACTER(2)	INCITS 38:2009. http://www.census.gov/geo/www/ansi/statetables.html	The state in which the partner is located.	INCITS 38:2009. http://www.census.gov/geo/www/ansi/statetables.html	
138	Partner Country	CHARACTER(3)	ISO 3166-1 Alpha 3	The country in which the partner is located.	ISO 3166-1 Alpha 3	

**RPPR Data Dictionary
Participants Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
139	Partner Contribution	CHARACTER(1)	Partner's Contribution Codes: *Financial Support = 1 *In-kind support = 2 *Facilities = 3 *Collaborative research = 4 *Personnel exchanges = 5 *Other = 0 (Zero)	A code that represents the contribution made by the partner to the project.	New Standard	
140	Partner Contribution Detail	CHARACTER (8000)		A description including additional detail about the contribution made to the project by the partner.	New Standard	When agencies implement this question, they will need to clarify the definition to provide detailed instructions on how to fill out this question.
	Other Collaborators					
141	Other Collaborators	CHARACTER (8000)		A description of any other collaborators not listed as partners or participants and their contribution to the project .	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.

**RPPR Data Dictionary
Impact Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
	Impacts					
142	Discipline	CHARACTER(8000)		A description of the impact in this reporting period on the development of the principal discipline(s) of the project	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
143	Other Disciplines	CHARACTER(8000)		A description of the impact in this reporting period on the development of other discipline(s).	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
144	Human Resources	CHARACTER(8000)		A description of the impact in this reporting period on the development of human resources.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
145	Infrastructure	CHARACTER(8000)		A description of the impact in this reporting period on physical, institutional, and information resources that form infrastructure.		This field will also include an associated attribute for a "Nothing to Report" flag.
146	Technology Transfer	CHARACTER(8000)		A description of the impact in this reporting period on technology transfer.		This field will also include an associated attribute for a "Nothing to Report" flag.
147	Society	CHARACTER(8000)		A description of the impact in this reporting period on society beyond science and technology		This field will also include an associated attribute for a "Nothing to Report" flag.
148	Foreign Spending Country	CHARACTER(3)	ISO 3166-1 Alpha 3	A code indicating the foreign country where funds were spent.	ISO 3166-1 Alpha 3	May contain multiple entries.
149	Foreign Spending	NUMERIC (11)		The dollar amount of the award's budget spent in foreign country.	USASpending	Data element captured for each "Foreign Spending Country"

RPPR Data Dictionary
Changes-Problems Component

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
	Changes					
150	Approach	CHARACTER (8000)		Description of changes in approach and the reasons for the changes.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
151	Problems or Delays	CHARACTER(8000)		Description of actual or anticipated problems or delays and actions or plans to resolve them.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
152	Expenditure Impacts	CHARACTER(8000)		Description of changes that have a significant impact on expenditures.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
153	Human Subjects, Vertebrate Animals, Biohazards	CHARACTER(8000)		Description of significant changes in the use or care of human subjects, vertebrate animals, and/or biohazards	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.
154	Place of Performance	CHARACTER(1000)		Description of changes to the primary place of performance from that originally proposed.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.

RPPR Data Dictionary
Special Reporting Requirement Component

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
	Special Reporting Requirements					
155	Special Requirements	Binary Large Object (BLOB)		Response to special reporting requirements specifies in the award terms and conditions.	New Standard	This field will also include an associated attribute for a "Nothing to Report" flag.

RPPR Data Dictionary
Budgetary Information Component

This component will be used to collect budgetary data from the recipient organization. The information will be used in conducting periodic administrative/budgetary reviews. One of the following budgetary formats, as identified by the agency, will be used to submit this information.

*Please note that these budgetary forms are identical to those included in the SF 424 R&R forms family, as implemented by Grants.gov. As these forms are updated in Grants.gov, these budget forms will change accordingly.

**RPPR Data Dictionary
Demographics Component**

Data Element Number	Data Element Name	Data Type	Validation	Definition	Standards Source	Notes
	Demographic Information for Significant Contributors					Multiple entries allowed.
156	Gender	CHARACTER(1)	Gender Codes: *Male = M *Female = F *Do not wish to provide = 0 (Zero)	A code corresponding to the gender of the significant contributor.	New Standard	
157	Ethnicity	CHARACTER(1)	Ethnicity Codes: *Hispanic or Latino = 1 *Not-Hispanic or not-Latino = 2 *Do not wish to provide = 0 (Zero)	A code corresponding to the ethnicity of the significant contributor.	New Standard	
158	Race	CHARACTER(1)	Race Codes: *American Indian or Alaska Native = 1 *Asian = 2 *Black or African American = 3 *Native Hawaiian or other Pacific Islander = 4 *White = 5 *Do Not Wish to Provide = 0 (Zero)	A code corresponding to the race of the significant contributor.	New Standard	
159	Disability	CHARACTER(1)	Disability Status Codes: *Yes = Y *No = N *Do not wish to provide = 0 (Zero)	A code corresponding to the disability status of the significant contributor.	New Standard
