Mathematical Sciences Research Conferences

Conferences, workshops, and related events (including seasonal schools and international travel by groups) support research and training activities of the mathematical sciences community. The Division of Mathematical Sciences (DMS) provides funding to support broad participation in these activities. For more information, see the Conferences and Workshops in the Mathematical Sciences program solicitation.

Upcoming Conferences
October - December 2021

- Summer Research Conference in Statistics and Biostatistics
  Oct 3 to Oct 6, 2021

- Stochastic Spatial Dynamics in Biology
  Oct 14 to Oct 15, 2021

- The 17th Prairie Analysis Seminar
  Nov 5 to Nov 6, 2021
