

# Broader Impacts 2030

Susan D. Renoe, PhD

Executive Director & Principal Investigator

Assistant Vice Chancellor for Research, Extension & Engagement

Assistant Professor of Strategic Communication

This project sponsored by NSF grant OIA-1810732

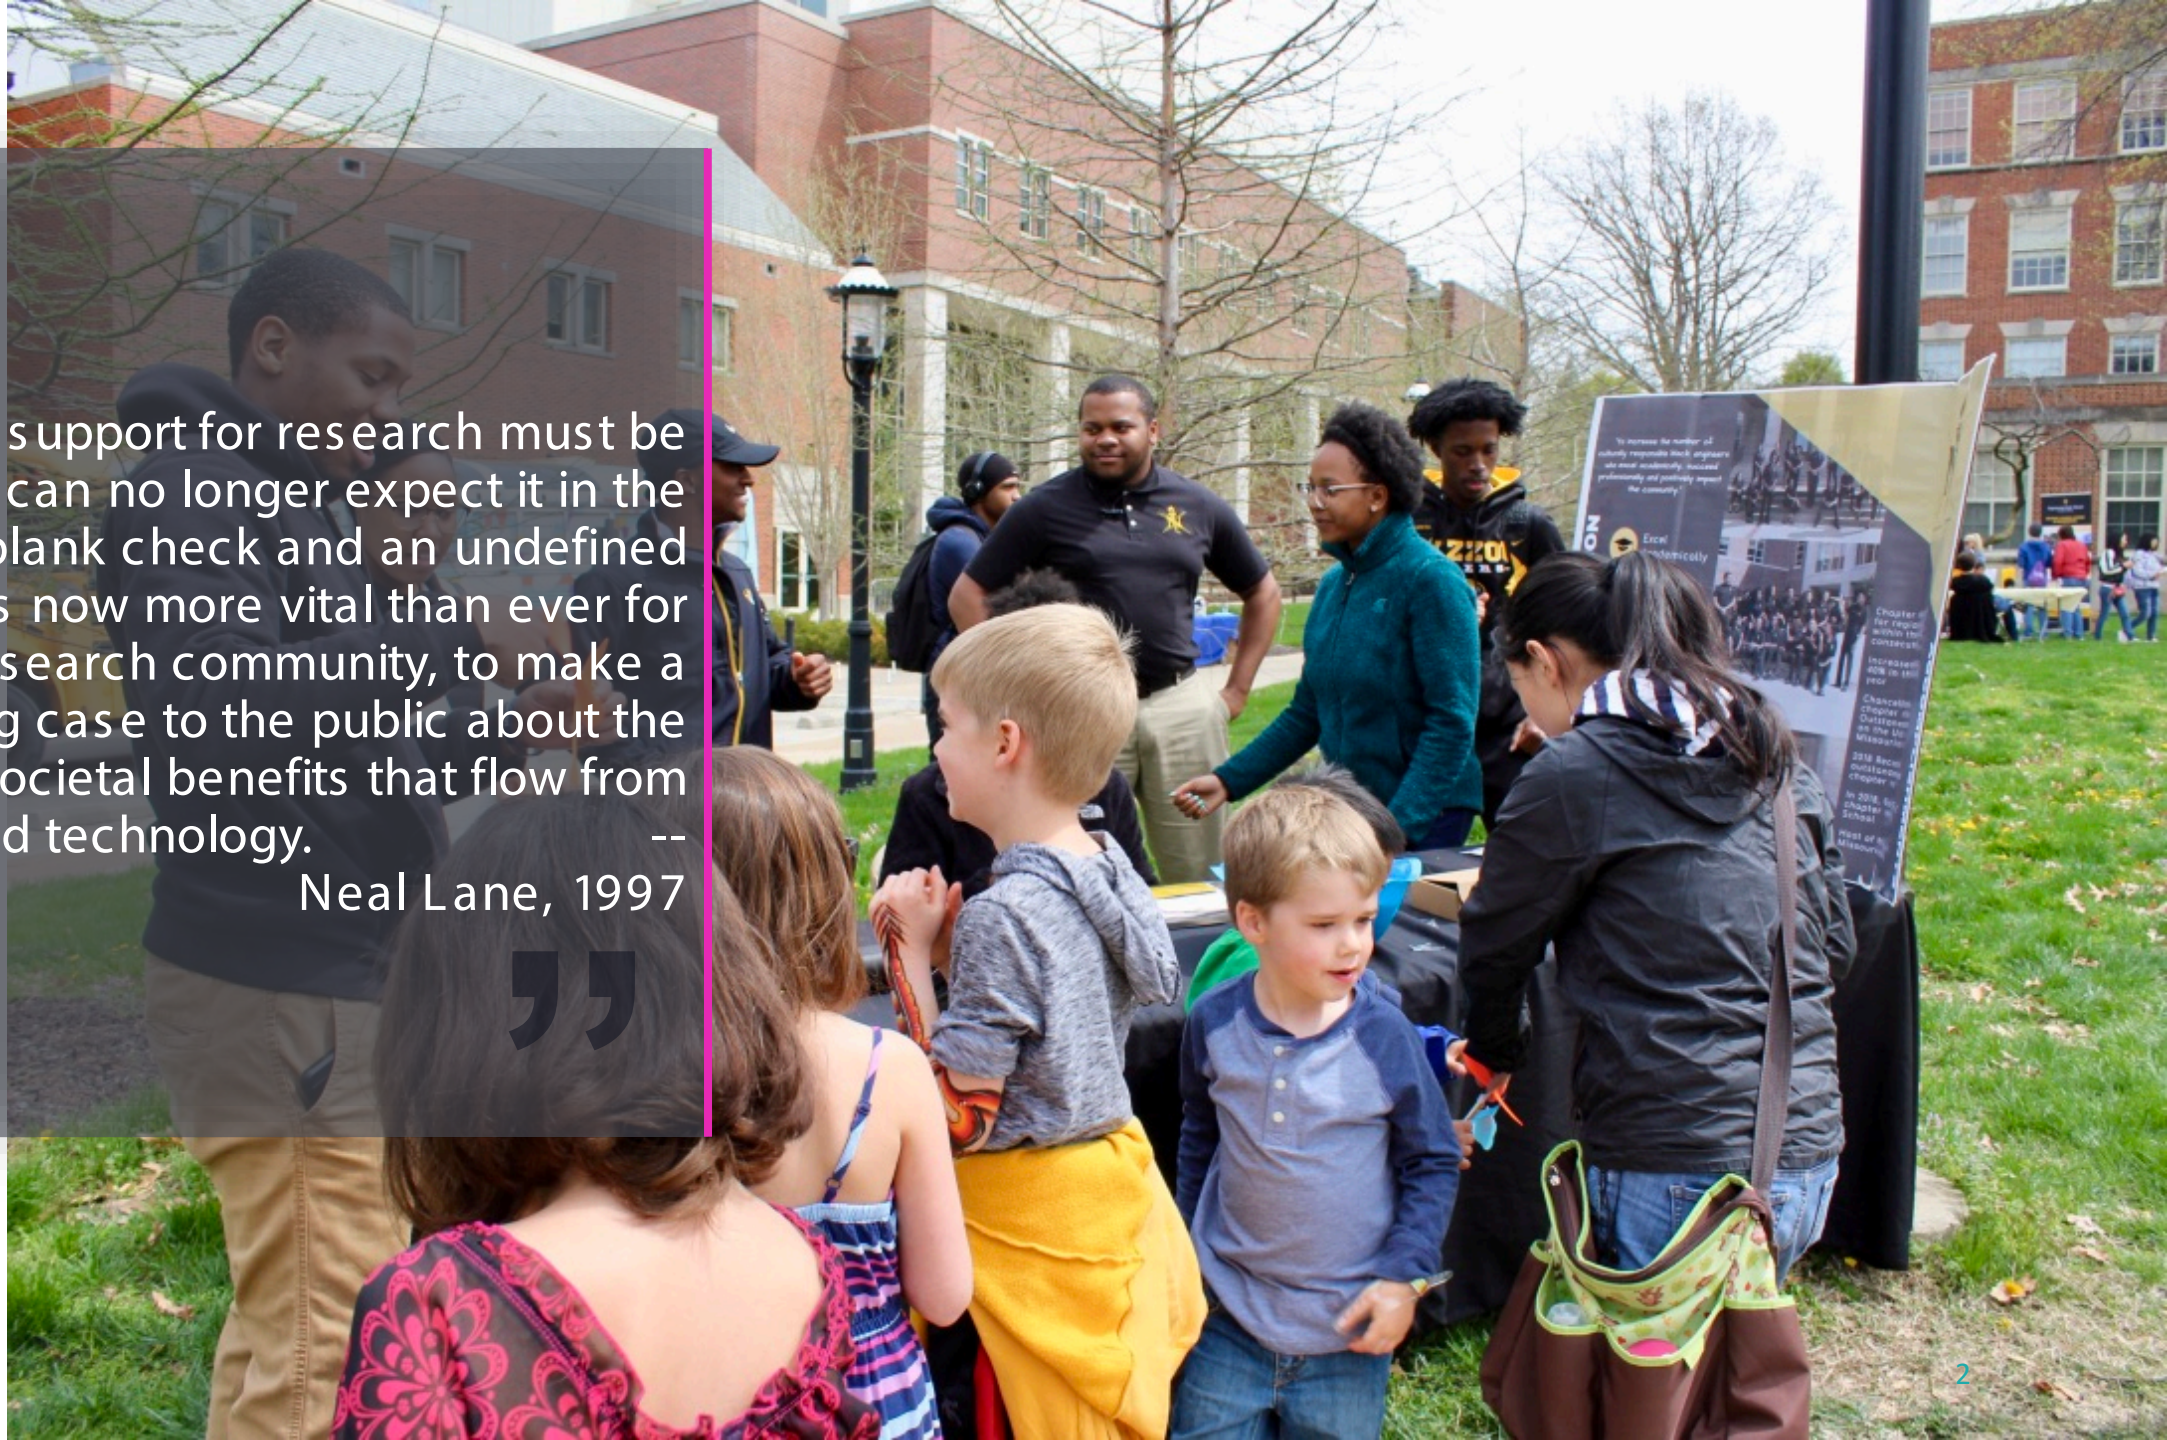

Advancing Research Impact in Society

“

Today, public support for research must be earned. We can no longer expect it in the form of a blank check and an undefined agenda. It is now more vital than ever for us, the research community, to make a convincing case to the public about the tangible societal benefits that flow from science and technology.

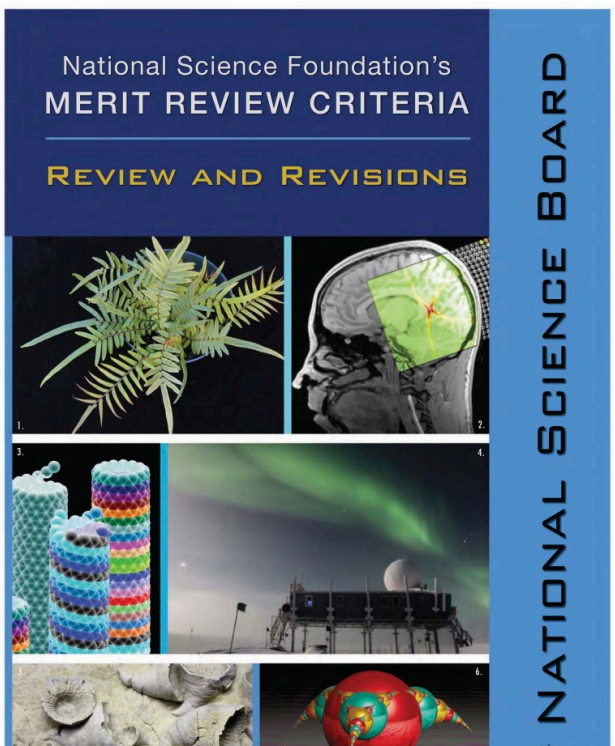

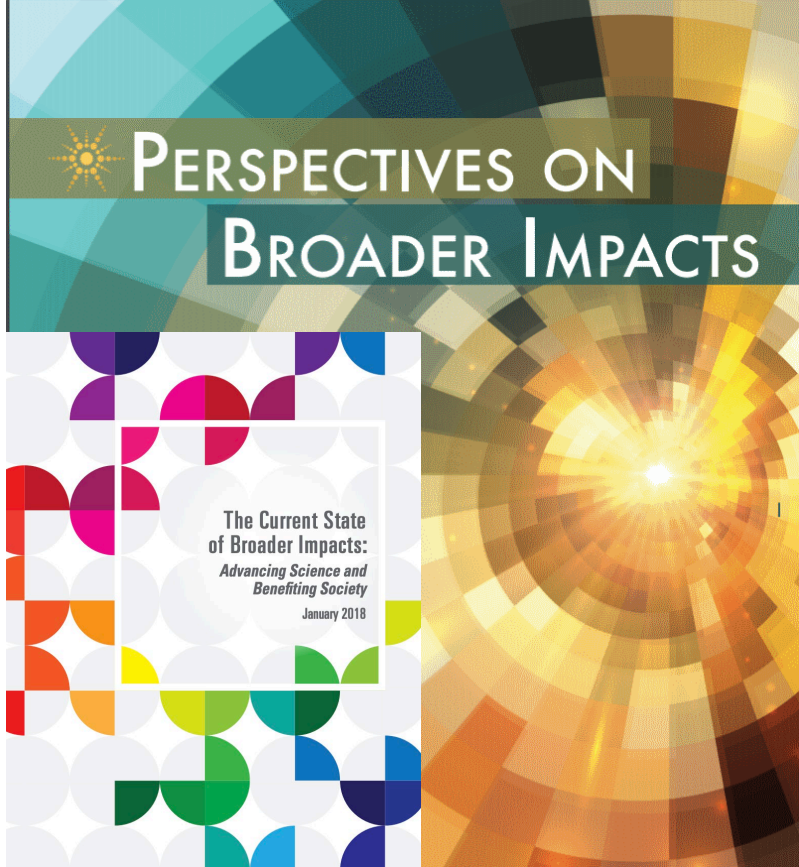

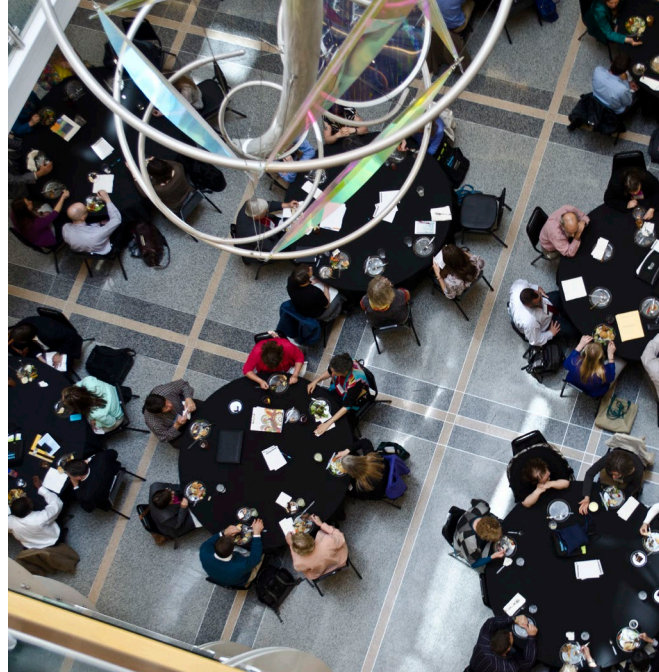

--  
Neal Lane, 1997
