

Committee on Oversight 2020 – 2022

Merit Review Digest Modernization (2018 – 2020)

- Shorter document, focus on highlights
- Researchers can search supporting data online
- Broader distribution
- New Board-drafted Overview to Digest identifies highlights and trends, provides policy context

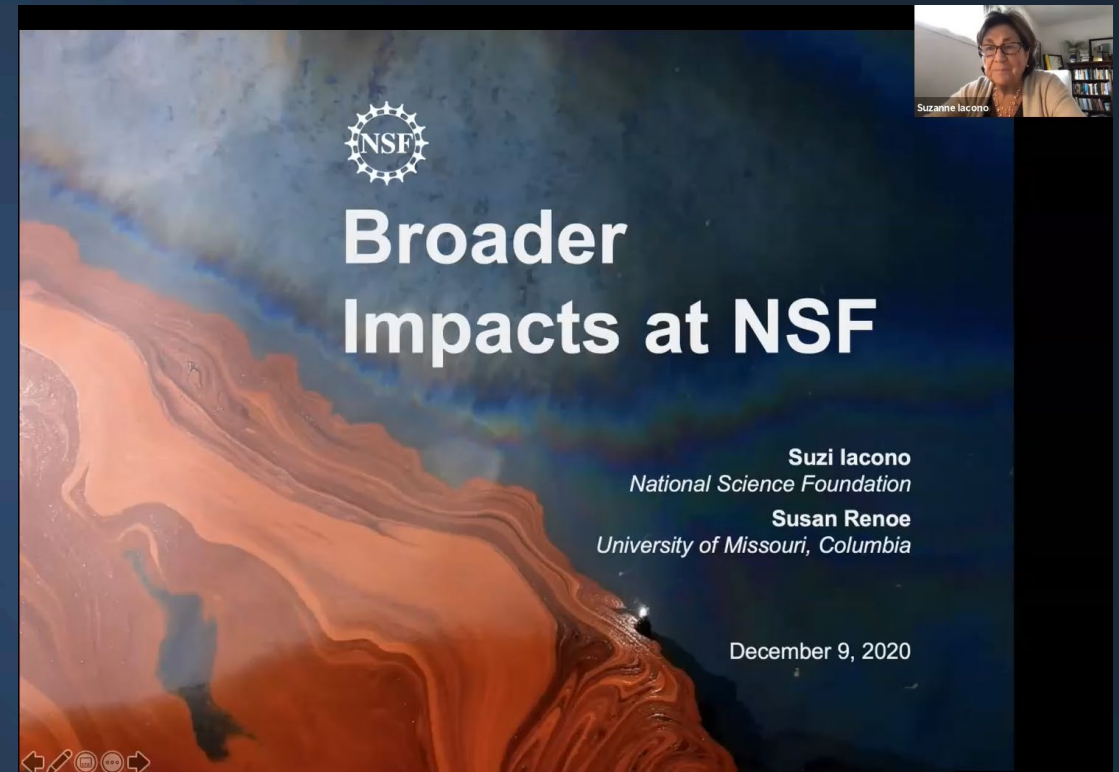

National Science Board

Vision-Related Activities

Delivering Benefits from Research

- Broader Impacts criterion
 - Can it better meet societal needs
- NSB Resolutions
 - Changes to reviewer training
 - Add Broader Impacts experts to COV panels
- Expert Consultation
 - Advancing Research Impact in Society (ARIS)

National Science Board

Vision-Related Activities

Developing STEM Talent

- Are NSF programs developing diverse STEM talent
 - How can NSF determine this
 - What demographic data and other data does NSF have access to/need
- Experts and Partners
 - CEOSE Advisory Committee
 - AAAS SEA Change
- DEIA Strategy updates

Investing in Human Potential
