Source: CRS analysis of Tables 13, 21, 26, 27, 28, and 29, NCSSES, *Survey of Federal Science and Engineering Support to Universities, Colleges, and Nonprofit Institutions: Fiscal Year 2019*.

Notes: The data does not sum to 100%. Under the Carnegie classification, no historically Black colleges and universities (HBCUs) or tribal colleges and universities (TCUs) are R1 institutions of higher education (IHEs), but some minority-serving institutions (MSIs) and high-Hispanic enrollment institutions (HHEs) are R1 IHEs. Thus, a portion of the data for MSIs and HHEs is also included in the R1 row. Further, some MSIs and HHEs are R2 IHEs. Thus, a portion of the data for MSIs and HHEs is also included in the R2 row. Additionally, MSIs include HBCUs and TCUs, along with other categories of IHEs, such as HHEs. Unclassified Institutions are nonprofit institutions, consortia of universities, and systems of universities or colleges that were not identified under the Carnegie classification.
