CLOSEOUT MEMORANDUM

Case Number: A14050023

Page 1 of 1

We assessed an allegation that an NSF-funded center¹ was offering services to the outside community at rates less than commercial vendors offering the same services, which would be a violation of conditions specified in the Award and Administration Guide. We investigated how the rates were set by the facility, but could not establish a viable means to compare them equitably with commercial rates. Therefore, this case is closed with no further action taken.
