CLOSEOUT MEMORANDUM

Case Number: I-16-0031-O

Page 1 of 1

Closeout Memorandum

We received an allegation that an individual¹ violated ethical standards for government employees concerning efforts to seek employment. We discussed the alleged fact pattern with the Office of Government Ethics and were informed that even accepting *arguendo* that the facts were as alleged, no violation would have occurred. We conferred with the Department of Justice Office of Public Integrity and were informed that even accepting *arguendo* that the facts were as alleged, no violation would have occurred.

Based on these assessments, we determined that additional investigative efforts were not warranted.

This case is **closed** with no further action taken.
