CLOSEOUT MEMORANDUM

Case Number: I-10-05-0021

Page 1 of 1

This investigation was opened based on a proactive review of private institution funding. Upon initial review of financial documentation requested from a university¹ for one of its NSF awards², OIG had concerns regarding participant support, salaries, and travel expenditures, as well as cost transfers.

After requesting additional supporting documentation and conducting a site-visit to the university to meet with financial administrators, OIG found no evidence to indicate the university had misused any of the award funds.

Accordingly, this investigation is closed.
