Page 1 of 1

We participated in a multi-agency investigation of a university¹ in West Virginia for mischarging indirect costs as direct expenses, and for other offenses involving a senior executive² at the university. As a result of extensive negotiations with the responsible U.S. Attorney's Office, the university entered into a civil settlement of \$2.3 million to resolve all civil claims. NSF, with a single award to the university, received \$17,810 as its share of the settlement.

This case is closed with no further action taken.
