CLOSEOUT MEMORANDUM

Case Number: I13090053

Page 1 of 1

This case was opened on a company¹ based on a complaint submitted to another agency². The receiving agency notified our office of the company possibly double-billing on an NSF award and multiple awards³ granted through a program⁴ of their agency. Multiple allegations had already been reviewed, ultimately finding no support for those allegations. However, there still remained one allegation regarding possible double-billing for time and effort on the awards which needed to be reviewed. The company provided time and effort reports for all of the awards. After analyzing the reports, we discovered no significant conflicts in time and effort between the awards. The timesheets were both reasonable and acceptable. There are no unresolved issues.

Accordingly, this case is closed.
