CLOSEOUT MEMORANDUM

Case Number: I14080028

Page 1 of 1

This case was opened from an OIG Hotline Web Submission that a university professor¹ took funds and equipment when he left his employment at a university.² The professor had an outside company that had received a Small Business Innovation Research award from NSF, using technology developed by him at, and licensed from, the university. We found no evidence to support the allegation. Accordingly, this case is closed with no further action taken.
