Intergovernmental Personnel Act Vacancy

**DIRECTORATE FOR GEOSCIENCES
DIVISION OF EARTH SCIENCES
ARLINGTON, VA 22230**

ANNOUNCEMENT NUMBER: E20040052A1-IPA **OPEN:** 03/12/2004 **CLOSE:** 07/16/2004

VACANCY ANNOUNCEMENT HAS BEEN AMENDED TO EXTEND THE CLOSING DATE TO 07/16/2004.

THIS POSITION WILL BE FILLED UNDER THE TERMS OF THE INTERGOVERNMENTAL PERSONNEL ACT (IPA)

The National Science Foundation (NSF) is seeking a qualified candidate to fill the position of Program Director for the Geomorphology and Land Use Dynamics Program within the Division of Earth Sciences, (EAR). EAR supports research and education focused on understanding earth dynamics. Deciphering the complex record of the planet's past or investigating the forces actively changing it today, EAR's research portfolio centers on the earth's interior and terrestrial surface, including freshwater systems and interactions with the biosphere and atmosphere. Societally relevant applications of EAR's research are wide-ranging, and help improve our understanding of natural and anthropogenic related hazards, global change, and water, mineral, and energy resources. EAR also encourages the integration of research, education and public awareness through the support of outreach projects and other human resources activities. Additional information about EAR and their programs can be found at <http://www.geo.nsf.gov/ear/>

The **Geomorphology and Land Use Dynamics (GLD) Program** supports studies of: (1) the dynamic processes that produce landforms and the relationship to atmospheric and hydrologic agents and their underlying crustal structures; (2) the history of geologic changes recorded in surface features; (3) airborne and space borne imaging of the landscape; (4) the study of sustainable landscapes and anthropogenically or naturally modified landscapes, and (5) changes in land uses and land covers that are critical to ecosystem functioning, services, and human welfare. GLD research includes computer analysis of remote sensing (airborne, satellite) data using pattern recognition tools and includes applications to ecological, hydrological and social systems (including national security applications).

Initial assignments under the IPA mechanism may be made for a period of one to two years, and may be extended for a third year. Individuals eligible for an IPA assignment include employees of State and local government agencies, institutions of higher education, Indian tribal governments, federally funded research and development centers and qualified non-profit organizations involved in public management in instances where such assignments would be of mutual benefit to the organizations involved. The individual remains an employee of the home institution and cost-sharing arrangements are generally negotiated between NSF and the home institution.

STATEMENT OF DUTIES: The Program Director directs in the implementation, review, funding, post-award management, and evaluation of the program and contributes to the intellectual integration with other programs supported by the Division. Designs and implements the proposal review and evaluation process for relevant proposals. Selects well qualified individuals to provide objective reviews on proposals either as individuals or as members of a panel. Conducts final review of proposals and evaluations, and recommends acceptance or declination. Manages and monitors on-going grants, contracts, interagency and cooperative agreements to ensure fulfillment of commitments to NSF. Evaluates progress of awards through review and evaluation of reports and publications submitted by awardees and/or meetings at NSF and during site visits. Contributes to the responsibility for establishing goals and objectives, initiating new program thrusts and phasing out old projects. Recommends

new or revised policies and plans in scientific, fiscal, and administrative matters to improve the activities and management of the Program.

QUALIFICATIONS REQUIRED: Applicants must have a Ph.D. or equivalent experience in Earth Sciences plus six or more years of successful research, research administration, and/or managerial experience beyond the Ph.D. in an area supported by the program. A broad general knowledge of Earth sciences research, familiarity with the U.S. scientific community, and experience in an academic setting are desirable.

HOW TO APPLY: Applications may be transmitted electronically to rotator@nsf.gov. Individuals may also submit a resume or any application of your choice to the National Science Foundation, Division of Human Resource Management, 4201 Wilson Blvd., Arlington, VA 22230, Attn: E20040052A1-IPA. In addition, you are encouraged to submit a narrative statement that addresses your background and/or experience related to the Program of your interest. You are asked to complete and submit the attached Applicant Survey form. Submission of this form is voluntary and will not affect your application for employment (the information is used for statistical purposes). Telephone inquiries may be referred to Maria Sutton, at (703) 292-4364. For technical information, contact Dr. Walter Snyder, Section Head, Research Grants Section, at (703) 292-4742 or wsnyder@nsf.gov. Hearing impaired individuals may call TDD (703) 292-8044.

The National Science Foundation provides reasonable accommodations to applicants with disabilities on a case-by-case basis. If you need a reasonable accommodation for any part of the application and hiring process, please notify the point of contact listed on this vacancy announcement.

NSF IS AN EQUAL OPPORTUNITY EMPLOYER COMMITTED TO EMPLOYING A HIGHLY QUALIFIED STAFF THAT REFLECTS THE DIVERSITY OF OUR NATION.

INSTRUCTIONS

Your completion of this form will be appreciated. Submission of this Information is voluntary and it will have no effect on the processing of your application. The data collected will be used only for statistical purposes to ensure that agency personnel practices meet the requirements of Federal law. Pursuant to 5 CFR 1320.5(b), an agency may not conduct or sponsor, and a person is not required to respond to an information collection unless it displays a valid OMB control number. The OMB control number for this collection is 3145-0096. NSF estimates that each respondent should take about 3 minutes to complete this survey, including time to read the instructions. You may have comments regarding this burden estimate or any other aspect of this survey, including suggestions for reducing this burden. If so, please send them to NSF Reports Clearance Officer, Division of Administrative Services, NSF, 4201 Wilson Blvd., Arlington, VA. 22230.

PRIVACY ACT INFORMATION

GENERAL - This information is provided pursuant to Public Law 93-579 (Privacy Act of 1974), December 31, 1974, for individuals completing Federal records and forms that solicit personal information.

AUTHORITY - Section 7201 of title 5 of the U.S. Code and Section 2000e-16 of title 42 of the U.S. Code.

PURPOSE AND ROUTINE USES

The information is used for research and for a Federal Equal Opportunity Recruitment Program (FEORP) to help insure that agency personnel practices meet the requirements of Federal law. Address questions concerning this form and its uses to the Privacy Act Officer, National Science Foundation, Arlington, VA 22230.

1. Today's Date: _____ 2. Year of Birth: _____
