i = imputed.

S&E = science and engineering.

^a Non-S&E data represent higher education R&D expenditures in non-S&E fields for Johns Hopkins University, excluding its Applied Physics Laboratory (APL). APL did not report on non-S&E expenditures.

NOTES: Institutions reporting zero expenditures in ranked total for FY 2011 are not listed in this table. Tied institutions are ranked alphabetically. Institutions ranked are geographically separate campuses headed by a campus-level president or chancellor. Some campuses are part of large multi-campus universities; some are part of state university systems. For a complete listing of campuses that belong to a larger university or system and their aggregate R&D expenditures, see table A-3.
