* = amount greater than \$0 but less than \$50.

DHS = Department of Homeland Security; DOD = Department of Defense; DOE = Department of Energy; HHS = Department of Health and Human Services; NASA = National Aeronautics and Space Administration; NSF = National Science Foundation; USDA = U.S. Department of Agriculture.

^a Includes data for Departments of Commerce, the Interior, and Transportation; Agency for International Development; Environmental Protection Agency (EPA); Nuclear Regulatory Commission; and Social Security Administration. EPA was unable to report R&D by performer for FYs 2010–12 or by location for FY 2010; therefore percentage distributions calculated from EPA's data submission for FYs 2009–11 were used to estimate its R&D by performer for FYs 2010–12 and by location for FY 2010.

NOTES: Because of rounding, detail may not add to total. Only those countries that had obligations in variables represented by this table appear in table.
