The system closes each Wednesday at 5:30 EDT for maintenance. The system will be unavailable from 15 minutes to 2 hours depending on the amount of maintenance being performed that week.

**Did you forget your ID or Password?**

Submit your e-mail address and we will send them to you.

**E-mail:** Submit

Welcome to the National Science Foundation's (NSF) Survey of Federal Science and Engineering (S&E) Support to Universities, Colleges, and Nonprofit Institutions Web-based data collection system.

For help getting started, please consult the Online Help. If you do not have use of a mouse to complete this survey (keyboard access only), you will want to disable JavaScript before entering the system.

**NSF's Federal support survey annually collects data on:**

- Total program support in thousands of dollars for S&E activities to academic

institutions,

- R&D and R&D plant support to nonprofit institutions.

The Federal support survey is the only source of detailed data on Federal S&E obligations to individual universities, colleges, and nonprofit organizations, and therefore attracts a wide audience. Specific users have included the Chronicle of Higher Education and EPSCoR (Experimental Program to Stimulate Competitive Research). Since 1979, EPSCoR has assisted states that have historically received little Federal R&D funding, and that have demonstrated a commitment to develop their research bases and improve S&E research and education programs at their universities and colleges to compete more successfully for such funding.

For technical support assistance, please contact Macro International at (800) 265-6144 or by email.

## Deactivate Institutions

**The following institution has been marked for deactivation:**

- MA Inst of Technology (002178)

Cancel | Deactivate Listed Institutions

Please note: If an institution is not be deleted immediately from your list, the amount of obligations for last year is significant. In such cases:

1. The institution remains on your institution list with zero obligations, and
2. You are asked to explain the drop in obligations.

# NSF Survey of Federal Science and Engineering Support
FY 2006

**Agency:** z_QRC DoD Test Record
**Agency Code:** 999987

## Confirm Your Final Institution List

If your Institution Population screen now shows all the institutions receiving obligations for FY2006, please confirm below.

**Is your institution population correct and final?**

- ○ Yes
- ◉ No

Cancel and Return to Main Menu | Confirm Population

FY 2006

**Agency:** z_QRC DoD Test Record
**Agency Code:** 999987

## Check Status for Submitting Survey

You may still view your data in read-only mode after you submit your survey response.

Please contact us to change your data after you select the **Submit** button below.

**Survey data cannot be submitted to NSF until the following errors have been corrected. After making any necessary corrections or reviews, return to the Main Menu and submit your data again.**

### Confirm or Update Your Contact Information

Contact information must be saved before you can submit your final data.

### Work on the Survey

Data obligations reported for institutions in the survey population are incomplete. All institutions in the population must have obligations reported in at least one category of support. Please return to the Work on Your Institution List and Survey Data page and either report obligations for all institutions with a ☐ or ⊗ status icon or deactivate institutions that will be receiving no Federal Support obligations in FY2006

### Confirm Your Final Survey Population

You must confirm your survey institution list before you can submit your final data.

### 001 - QRC Test

### 002 - srs front office

All Program Offices must submit their final data before the Agency can submit final data to

NSF.
